

Digital Homework Planner (DHP): Terms and Conditions

Introduction

This Service Contract & Terms and Conditions (SCTC) is a legal agreement that describes the levels of service that the person, school or other education provider named in your registration (you) will receive from the supplier (Boomerang Education Ltd).

This Agreement forms a binding legal contract between you and Boomerang Education Ltd (Trading Division of Boomerang Media Group Ltd) incorporated and registered in England and Wales with company number 4526847 and whose registered office is at Manor House, Manor Park, Church Hill, Aldershot, Hampshire, GU12 4JU, United Kingdom (we, us, our). For the avoidance of doubt DHP is an online school planner system (the System) that allows clients to set and share homework online.

The system is a robust, secure application that will ensure that DHP is the 'go to' system for any digital planner needs for Schools, Teachers and students.

More specifically, there will be 3 main applications, connected using a central cloud system.

1. Teacher Digital Planner
2. Student Digital Planner
3. Parent overview of the Student's Application

The DHP digital planner system will enable Teachers the ability to set and manage homework and other assignments and send these to students' devices. Students will be able to view their timetables, set homework, and stay organized, with parents having the ability to have an overview of their child's homework diary.

By integration with the Schools' Management Information System (MIS) DHP will download school and student information to the teachers' and students' devices and use with further organisation tools.
